

HOODLACES

CUSTOM HOODIE STRINGS

POLYESTER

Polyester laces, while not as thick as double laced cotton, allows your imagination to run wild with creativity. Your design and colors are unlimited as we print with a dye sublimation process that can handle your wildest artwork.

COTTON

Double laced cotton laces are the perfect fit and quality for any sweatshirt. Their weight alone signals quality and will last longer than your average hoodie string. We can print your custom your team, logo, or brand on them in color as well.

ORDER ON HANGTAGS TO SELL OR PROMOTE YOUR BRAND

SELL YOUR LACES

A great way to promote your brand is by offering your laces individually! Reach that customer that loves your brand but already has their favorite hoodie or only wants to spend a few bucks less. Includes threading tool to insert them quickly as well as end caps.

End Caps

Threading Tool

\$3.00 / LACE

ADDONS

Your laces the way you want them. For your clothing line, team, brand, logo, or company.
